Shelton Civic Center
Lunch provided**

Register at www.visionsforearlylearning.org

Trainer
Kody Russell, MSW
Kitsap Strong ACEs & Resiliency Project Director

Keynote Speaker
Dr. Benjamin S. Danielson, MD
Senior Director, Odessa Brown Children's Clinic

VEL, our Early Learning Regional Coalition, is providing free training on the NEAR science (neurobiology, epigenetics, ACEs, and resilience), which has been called “the largest public health discovery of our time,” by THRIVE Washington.

We are eager to share this information with parents, service providers, administrators, community leaders, and anyone who works with our youngest learners and their families.

Please visit our website at www.visionsforearlylearning.org for more information, or register here: <https://goo.gl/forms/4rbzcyj7AshyAhRUX2>

The training is free, with lunch provided. Free STARS hours are available for those who need annual MERIT continuing education.

Seats are limited – please register now!
