BASIC NEEDS NAVIGATION

Every family’s needs are different. The basic needs navigator at Family Education & Support Services helps families to meet their basic needs through a variety of direct assistance services.

KINSHIP

Our Kinship navigator program works to advance activities and trainings that support kinship care providers, their families, and the professionals who work with them.

PARENT-CHILD ASSISTANCE PROGRAM (PCAP)

Maternal alcohol/drug abuse puts children at risk because of possible effects of prenatal exposure on the child's health and because the mothers are likely to provide a compromised home environment. These problems are preventable by helping mothers build healthy and independent lives.

PARENT FOR PARENTS (P4P)

P4P is an evidence-based model that provides early outreach and education that helps shift parental attitudes from anger and resentment to acknowledgement and acceptance and enhances parents' engagement in their court-ordered plans

PARENT EDUCATION

FESS offers a wide range of classes designed to help families guide children through success at home, school, and in life. Classes help parents navigate through divorce, domestic violence, and suicide prevention, while our parenting series and parenting tools help to promote resilience in children and families.

Welcome!

Dear Guests,

Welcome to the “Seeds of Hope” benefit auction. We thank you for joining us in building family resilience.

Together we are ensuring our community thrives— one family at a time.

Family Education and Support Services (FESS) is a private, nonprofit 501(c)(3) agency since 2000.

Your donations tonight support the programs to the left which benefit over 20,000 lives each year!

Thank you for your support and for attending tonight!
